

COLD WEATHER SKULL CAP

ARM YOURSELF AGAINST THE ELEMENTS

In winter-like environments, Warfighters must not only survive but also thrive. Our Cold Weather Skull Caps ensure just that. Cold injury is a factor of temperature over time; don't get caught inadequately equipped. Stay prepared, stay protected, and stay mission-ready with Galvion. Designed to deliver unparalleled comfort and indispensable protection against cold weather environments.

KEY FEATURES

- **ADAPTABLE DESIGNS:** Choose from two tailored designs - high-cut (no ear coverage) and low-cut (with ear coverage) for maximum cold protection.
- **SNUG FIT:** Low-profile, flat seam stitching ensures a comfortable, secure fit under your Helmet.
- **RESILIENT MATERIAL:** Crafted from an 86% Polyester and 14% Spandex circular knit plaited jersey/velour fabric, USA-made (Berry compliant), for maximum stretch and comfort. The caps feature a tread patterned hardface jersey face, polymer-treated for superior abrasion resistance and water repellency. The velour back, both pill-resistant and durable, is designed to trap air for effective insulation, in both dry and wet conditions.
