

MANDIBLE GUARD

BALLISTIC AND BUMP OPTIONS

THE BATLSKIN CAIMAN MANDIBLE GUARD provides best-in-class lower-face protection in a strapless design that's lightweight, quick to fit without tools and quick to remove while on the run. Available in ballistic and bump configurations to suit the mission at hand.

KEY FEATURES

- The mandible guards integrate with side rails through a slide, latch, and lock system.
- Designed to be both tough and flexible – allowing users to unclip and swing the mandible guard wide open
- Feature an ultra-slim, ergonomic fit that ensures unencumbered head movement and maximum field-of-vision
- Both mandibles are available in two sizes – SM/MD/LG and XL/XXL
